

Multimedia Student Assistant Position

Department of Resident Life, Creative Services Unit

Job Overview

A part-time student position to assist with multimedia projects. As a Multimedia Student Assistant, you will assist in developing visual content, including graphics, videos and social media posts, to capture and showcase students' unique experiences living on campus.

Responsibilities

- Collaborate with the Creative Services team to create engaging up-to-date visual content
- Schedule social media posts on Res Life platforms
- Assist in the production of videos, including shooting, editing and post-production tasks
- Design graphics and multimedia elements for various projects
- Maintain and organize multimedia assets
- Contribute innovative ideas for improving multimedia content and processes
- Support live events by providing photography and video assistance

Qualifications

- Understanding of on-campus living experiences and an ability to visually represent them in multimedia content
- Proficient in multimedia software such as Adobe Creative Suite (Lightroom, Premiere Pro, After Effects)
- Basic knowledge of video and audio production techniques
- Ability to work collaboratively in a team environment
- Prior experience with multimedia projects or coursework is a plus

Schedule

Hybrid, flexible, part-time hours to accommodate academic commitments

Pay

\$15 per hour

Expected hours

5-10 hours per week

Apply

Email drlcreativeservices@umd.edu with your resume and 2-3 examples of your work
